Allegation(s)/Relationship(s)

Alleged Perpetrator: Kramer, Kevin
Alleged Victim: Kramer, Madeline
Relationship: Father
Allegation: 19-Sexual Penetration
Allegation Finding: Unfounded

Evidence suggesting an incident occurred and that the alleged perpetrator is responsible:

Reporter (Officer) stated the following: On 3/15/2015, a criminal sexual assault was reported at the LaSalle Police Department. Mother said her daughter Madeline (2) went to her father's (Kevin) for visitation today. While changing Madeline after the visit, Julia said she observed that "the child's vaginal opening was larger than normal." Julia suspected child abuse by the father, who is Julia's ex-boyfriend.

Evidence suggesting an incident did not occur or that the alleged perpetrator is not responsible:

Julia has made the same claim against Kevin several times in the past and this was already investigated.

CPI spoke with Nancy Pizzurro from The Cares Center at Edwards Hospital. Nancy reported that Madeline was seen on 3/17/15 at their facility for a sex abuse exam and that her exam was normal. Madeline was seen at Pediatric Resource Center in Feb. 2015 and her exam there was normal as well. Madeline has made no disclosure of sexual abuse.

Kevin denied that he sexually abused Madeline in any way.

Collateral contacts do not feel that Kevin has sexually abused Madeline in any way.

Sexually acting out behaviors that Julia has reported seeing have only been witnessed by her, as Julia's collateral contact denied that he has ever witnessed Madeline acting out sexually.

Allegation Rationale:

Allegation #19 states the following:

Any contact, however slight, between the sex organ or anus of one person by an object, sex organ, mouth or anus of another person, or any intrusion, however slight, of any part of the body of one person or any animal or object into the sex organ or anus of another person. This includes acts commonly known as oral sex (cunnilingus, fellatio), anal

penetration, coition, coitus and copulation.

PRC exam in Feb. 2015 and exam at Care Center in March 2015 were both normal exams. Madeline has not made any disclosure of sexual abuse. Kevin denied that he has ever touched his daughter in a sexual manner. Collateral contacts do not believe that Kevin is sexually abusing his daughter either. Unfounded

RE: SCR#: 2170904A
CASE NAME: Kramer, Kevin
REPORT DATE: 03/15/2015

Dear JULIA EICKMEIER:

You were previously notified that the Department of Children and Family Services ("DCFS") was investigating a report of suspected child abuse or neglect in fulfillment of its duties under the Abused and Neglected Child Reporting Act, 325 ILCS 5/1 et seq. While you are not named as a person responsible for the child abuse or neglect, you are being notified of the final finding of the investigation because you are the parent, guardian or person responsible for the child victim's welfare.

After a thorough investigation, DCFS has determined the report to be "unfounded." This means credible evidence of child abuse or neglect was not found during this investigation. This does not necessarily mean that an incident did not occur. An incident may have occurred but the evidence did not rise to the level required to indicate for abuse or neglect as dictated by state law and DCFS Administrative Rule.

~~DCFS will maintain a copy of this investigative report for a period of one to three years depending on the specific allegation(s) that was investigated in accordance with the provisions of the Abused and Neglected Child Reporting Act. The State Central Register is confidential under state law and not available to the general public.~~
